

Day Two – Chocolate Treat Gift Box

1. Cut a piece of Designer Series Paper (DSP) to 11 $\frac{3}{4}$ cmX13cm.
2. Score at 2cm, 5 $\frac{1}{2}$ cm, 7 $\frac{1}{2}$ cm, 11cm. Set aside.
3. Cut a piece of cardstock to 10 $\frac{1}{4}$ cmX18 $\frac{1}{2}$ cm.
4. Score at 1 $\frac{3}{4}$ cm and 3 $\frac{1}{2}$ cm on all sides.
5. Trim corners as per diagram below. Cut away to grey sections shown in the diagram and cut up to the scoreline where you can see the bold black lines, forming 4 tabs (one on each corner):

6. Add Sticky Strip adhesive to the back of each of the small tabs. Fold these tabs in and adhere to the inside of the long sides of the box.
7. Add Sticky Strip to the inside of each edge of the sides of the box (2 short sides and 2 long sides). Fold the two ends (short sides) down to adhere them, then fold the two long sides of the box down to adhere them. Your box is complete. Set aside.
8. Take the scored DSP and fold along all score lines. Add some Sticky Strip along the inside edge of one of the short edges. Remove backing and adhere along the first fold at the other edge of the wrapper, forming a tube.
9. Slide the box inside the tube and embellish the outside of the gift package as desired.
